Opis produktu

Since 1989 Germany’s Desaster have been churning out their unique and unholy blend of extreme metal, and in 2025 they return with their latest offering, the programmatically entitled Kill All Idols. “While Churches Without Saints was a rather typical Desaster old school black-death-thrash metal album, the new one is a bit more diverse” enthuses guitarist and founder member Infernal. ”Of course, Kll All Idols embodies our classical Black/Thrash Metal approach and the epic parts Desaster is well known for are there as well. But on the other hand there´s parts on the album where our punk roots shine clearer than possibly ever before.”
