Opis produktu

GATEFOLD JACKET, POSTER, BLACK POLY-LINED INNER SLEEVE, BLACK FLOOD JACKET INTERIOR W DOWNLOAD CODE.

Finnish death metal trio DESOLATE SHRINE will reemerge from the crypts with their newest offering Fires of the Dying World. Dark Descent Records will release the album on CS cassette and digital formats on March 25. At long last the successor to 2017’s Deliverance from the Godless Void has been unconfined from the clandestine vaults of Dark Descent Records. Aptly titled Fires of the Dying World Finland’s DESOLATE SHRINE delivers 46 minutes of their unique death metal possession. The masterful craftsmanship on DESOLATE SHRINE’s fifth album is unmistakable a true portrait of a band at their absolute peak. Yet be forewarned before indulging from the poison chalice of Fires of the Dying World for it ensnares its victims in an inescapable maelstrom of death and futility. Absolute surrender is the recommended response as you descend into a claustrophobic trance that erases the world around and reaches into your very soul. When you awaken… nothing will be quite the same again… Let the fires burn. Cover art by L.L. Mastered by Damian Herring at Subterranean Watchtower Studios
