DESTROYER666 should need no introduction. But back in 1997, the Australians were a relatively new entity, forming from the ashes of Bestial Warlust and introducing themselves to the metal underground with the *Violence is the Prince of This World* EP in '95. Two years later, DESTROYER666 would throw down the gauntlet to the international metal scene with soon-to-be-classic debut album *Unchain the Wolves*. Devastating yet dynamic to the bitter, bloody end, *Unchain the Wolves* comprises 50 minutes of black metal magick 'n' might that quickly became the band's ever-unique trademark: epic and anthemic songwriting, gritty yet considered execution, and each song as integral as the last. Just try not headbanging to stone-cold classics like "Australian and Anti-Christ" and "Satan's Hammer"; if you don't, then you must be dead.

Now, HELLS HEADBANGERS unchains the wolves with vinyl LP, CD and pro cassette versions of this heavy metal classic. As DESTROYER666 themselves said, *Unchain the Wolves!*
