### Opis produktu

**Swallow the Snake** by **Desultory** is back on vinyl, reviving an album that stands as a unique blend of death metal and hard-hitting rock influences. Originally released in 1996, this album marked a departure from Desultory's earlier melodic death metal style, embracing a darker, groove-oriented sound that showcased the band's evolving artistry. *Swallow the Snake* dives into themes of existential struggle and disillusionment, making it a compelling journey through heavy, emotionally charged music. Tracks like "Beneath" and "In My Veins" capture the raw intensity of Desultory's new direction, with razor-sharp guitar riffs, powerful rhythms, and haunting vocals from Klas Morberg. Guitarist Håkan Morberg, bassist Thomas Johnson, and drummer Kenneth Englund complete the lineup, bringing a distinct edge to each track with tight, layered instrumentation and intense arrangements. The album's sound remains a bold statement, blending death metal aggression with an accessible groove that adds a dynamic depth to the listening experience. An essential addition for metal enthusiasts and collectors, this reissue captures the essence of Desultory's groundbreaking exploration of new sonic territory.
