Opis produktu

The darkest, filthiest alleys of old Philadelphia, DEVIL MASTER arise once more to corrupt the children of light. Between tours and festival appearances, the masters of devilry wrote their third full-length, Bloody Dreams. Punkier, with a psychedelic lean, yet festooned with a feral black metal aura, the album gleams from the abyss. Engineered by Davis M. Shubs and Grammy-nominated engineer Eric Bogacz, Bloody Dreams dances darkly. Tracks “You Worms' Vain Delusions” to “Death Anthem,” “Sex with Succubus,” and the decaying bonnet of “Farewell Waltz to Unfortune's Palace” lead the charge, while guests include Mirai Kawashima (Sigh), former drummer Chris Ulsh (Power Trip), and Ur Èmdr Œrvn (Arkha Sva) enhance DEVIL MASTER's supernatural power.

There is no shadow without light...Bloody Dreams invites you into and out of the abyss.
