### Opis produktu

Diaboli is one of the oldest black metal bands of Finland. who have never stopped. never wimped out. never compromised. Only short time obstacles of prison sentences and suicides in the ranks of band has made few moments of silence. "Invocation" was already recorded couple years back. but NH has kept delaying the release simply to avoid too many releases appear on short period of time. From "Kirus" and "Antichrist" albums. Diaboli heads towards darker and more sinister lethal black metal assault. No keyboard intros. Less of the Nordic thin razor guitars. It is still 100% guaranteed Diaboli. now with heavier guitars. deeper bassier sound quality. Nothing is hidden below the layers of distortion. No emo/shoegazer. but simply amazing great punishing riffs one after another. In the Finnish scene. often dominated by melodies and harmonies. the power of ultimate RIFFS is undeniable! Feel the strength of Diaboli's Invocation!! NH-069
