Opis produktu

The dark 1996 debut album of atmospheric black metal from **Katatonía** mastermind **Anders Blackheim Nyström**.

180g blood red vinyl in single sleeve with printed inner featuring lyrics.

Peaceville presents the debut album from Nyström's symphonic extreme metal solo-project, Diabolical Masquerade, which launched onto the scene in 1996 with the release of 'Ravendusk in My Heart'. Three further albums were subsequently released in a prolific period of creativity before the project was finally laid to rest after the release of 'Death's Design' in 2001.

'Ravendusk in my Heart' stands as a startling debut of fantastic imagery, shaped by accomplished atmospheric mixed with cold black metal, bringing to mind the early works of Emperor, all brought to life with deeply imaginative tales of fantasy from Blackheim's realm.

The album was recorded at the famous Unisound Studio in September 1995 and was produced by Dan Swanö and Blackheim, and mixed by Swanö (familiar for his work with Opeth, Dissection, Marduk).
