**Dissection (SWE) – Reinkaos**

Vedar-Gal Tiekals Somdus Azerate!
Eleven to kill the Ten!

Originally released on Walpurgis Night in 2006, DISSECTIONs third and concluding opus marks the seminal Swedish band’s crowning achievement.

Everything about *Reinkaos* feels grandiose, otherworldly and utterly complete: The timeless, majestic music blended with lyrics pertaining to the Anti-Cosmic Current and stunning illustrations provided by the late Timo Ketola together form a black diamond of exceptional elegance and vigour.

Unlike the vast majority of bands which merely adopt the symbolism and imagery of Satanism for entertainment purposes, *Reinkaos* represents the real deal and is an enduring testimony of genuine Luciferian spirituality manifested as music. The 11 tracks comprising *Reinkaos* truly are Sonic Invocations to the Endless Dark Aeon!

Hail the dark legacy of Jon Nödtveidt!
Hail the Glorious End!
