### Opis produktu

Featuring a raw and organic production, the 2015 album from DHG (Dodheimsgard) contains 68 minutes of twisted, sprawling epics.

With 'A Umbra Omega', the boundary-pushing visionaries of the mid-1990's Norwegian Black Metal evolution take their psychotic Psychedelia-tinged avant-Metal to a new level of creativity. DHG's first album since 2007's 'Supervillain Outcast', it represents the band's most challenging work to date.

Double 180g vinyl edition in a gatefold cover.
