### Opis produktu

**Dodheimsgard's** 1998's album **Satanic Art** - plus bonus tracks - on vinyl for the first time.

One of the visionaries of the mid-1990's Norwegian Black Metal evolution, DHG are widely hailed as masters of dark and psychotic Psychedelic-tinged extremity. **Satanic Art** is considered a significant turning point for the band, as the compositions became less traditional in their structure and delivery, and became more abstract and twisted.

This edition of **Satanic Art** includes two bonus tracks, **Black Treasure** and an alternate rendition of **Symptom**.

**A 2018 Peaceville reissue.**
