Opis produktu

Raging death punk debut by Singapore's Doldrey, five blistering tracks of stripped down aggression, death metal spirit and pure punk balls.

Decibel Magazine: I know nothing about the Singaporean outfit. Well, nothing except the fact that they rule.

Coming in at five songs, Doldrey's EP blends a straightforward punk attack with cavernous black/death metal in a way that is familiar yet original, pushing the vocals to the back into the mix in favor of a menacing, dark atmosphere.
