Opis produktu

More than just a title, "Hail Infernal Darkness" signifies DRAWN AND QUARTERED's singular mission. With this fourth album, these Pacific Northwest scene legends have achieved it through a greater, more expansive range of dread and darkness. Now more than ever, DRAWN AND QUARTERED are prepared to stake their claim for death metal supremacy. The weak shall not be spared!! Recommended for fans of Cannibal Corpse, Nile and Immolation.

"The chest cavity collapses from the sheer weight of the rhythms, the face turns blue from the strangulating riffs, a nefarious bellowing paralyzes the body with fear...all symptoms of a night spent with Drawn and Quartered's Hail Infernal Darkness"- METAL MANIACS
