Opis produktu

For their fifth full length “The Endless”, Denver, CO genre-defying progressive metal outfit **DREADNOUGHT** present their most spellbinding musical feature yet. With riveting vocal performances, ferocious grooves, and soaring synthesis, the quartet offers a familiarity to the melodic awe of previous records "Lifewoven" (2013) and "Bridging Realms"(2015) as well as the dark complexities within "A Wake In Sacred Waves" (2017) and "Emergence"(2019), but with a beautifully fresh perspective in writing, production, and performance.

At its inception in 2012, Dreadnought’s four members, including guitarist/vocalist Kelly Schilling, drummer Jordan Clancy, bassist Kevin Handlon, and keyboardist/vocalist Lauren Vieira, strove for a project laser-focused on creativity and exploration, pulling from all aspects of their musical backgrounds to craft something exciting and unique. Joining in the common ground of extreme metal, the quartet explores a blend of prog, doom, folk, jazz, classical, black metal, and post rock.
