Opis produktu

Bright green & black marbled 12" vinyl in gatefold.

As a rule within the Black Metal scene many followers always consider any band’s first album to be the best.
This also applies to DRUDKH as they created their trademark Slavonic Pagan Metal sound with “Forgotten Legends”, which embraces epic folk-influenced melodies and creates cinematic and luxuriant atmospheres charged with melancholy.
To this day the three epic tracks and one outro are regarded as one of the highlights of the Pagan Black Metal genre.

For fans of HATE FOREST, IMPERIUM DEKADENZ, BURZUM, AGALLOCH.

Tracklist:
Side A : False Dream / Forests In Fire And Gold
Side B : Eternal Turn Of The Wheel / Smell Of Rain
