Oratio ad Septem Profanationes
Invocation to the Seven Desecrations

You who kneel before the frail architraves of the divine, behold the eruption of the Primordial Antagonist, whose essence subverts the very fabric of creation. This sonic compendium, forged in the crucible of 1990s orthodox Black Metal, is the anti-litany that decrees the corruption of the Seven Sisters—once pillars of cosmic harmony, now collapsed beneath the weight of absolute negation.

Each emanation of this opus is a syllogism of desolation, an ontological rupture that dissolves the illusion of order and enthrones the supremacy of malignant entropy. The Adversary offers no redemption - only a mirror wherein your insignificance is revealed, an abyss wherein your faith is pulverized.

Let those who cling to the light falter, for this is the mandate of the Enemy, whose sovereignty brooks no opposition. Submit to the annihilation of the sacred, or be devoured by the maelstrom of eternal dissent.

Available soon on vinyl, CD, cassette, and digital, where the desecration shall be sealed.

No light. No hope. No order. Only pure Devil worship!
