DunkelNacht was formed in 2004 by Heimdall, at the beginning a one-man project.
Early 2007, the arrival of Alkhemohr as bass player in order to record the first official Metal recording "Mass Grave / DunkelNacht" split release.
Therefore, DunkelNacht becomes a real blackened metal band...

DunkelNacht record "Atheist Dezekration" full length in 2007 and bargains with M&O Office for management and distribution.
The second album of the band is entitled Revelatio (2014). It is at this period that DunkelNacht inks deals with Worm-Hole-Death Records.

In 2016, the band records it's first EP "Ritualz of the occult" starring M.C. Abagor as vocalist.
Later again, a second EP entitled "Anthropocenia" (2017) is released just after the arrival of Tegaarst as drummer.

In 2019, they bring forth a pinnacle of a recording made with a solid line-up of members proudly presenting the 3rd album entitled ìEmpires of Mediocracyî, crafted with new technology and experience taught through the years.
The band signed with Non Serviam Records for the production and promotion of this third opus.

Now DunkelNacht unveils a solid and smashing wall of sound to the crowd to behold...
