Death metal overlords **DYING FETUS** once again raise the bar of sonic extremity with their 8th studio album and first new material in over 5 years, *Wrong One To Fuck With*. The seasoned veterans manage to further stretch their creative and technical boundaries across 10 complex tracks of pulverizing death metal, filled with more dynamic intricacies, brutal breakdowns and varied vocal patterns than ever before. Now over 25 years into their distinguished career, **DYING FETUS** cement their legacy with *Wrong One To Fuck With* and uphold their position as the most dominant force in Death Metal today.
