### Opis produktu

Continuing their wuthering heights saga, Earth and Pillars return with the third chapter: 'Earth II'. CD comes again, as per tradition, in A5 format digipak with booklet

'Earth II' is the third chapter of Earth and Pillars saga.

The elusive italian project comes to this new one album with a first relevant change, having decided to "humanize" their sound by adding a real drummer (whilst previous offerings featured drums' programming)

'Earth II' will be released in A5 digipak CD (their traditional shape for compact disc) and double vinyl with laser etching
