Opis produktu

CD Jewel Case • 4 Page Booklet

For more than fifteen years, Nachtzeit has explored the atmospheric fringes of black metal through his main project, Lustre. Emerging in 2008, the one-man project quickly carved out a distinctive sound: minimalistic, lo-fi compositions where layers of keyboards form the backbone. The result is music that often feels closer to ambient than traditional black metal – mesmerising, hypnotic, and built around melodies steeped in nostalgia, mysticism, and nature.

With Eitr, Nachtzeit takes this atmospheric sensibility one step further. Where Lustre still retains the distant pulse and distortion of black metal, Eitr strips away the remaining traces of the genre, focusing entirely on immersive ambience. The result feels like a more archaic, distinctly Nordic counterpart to Lustre's dreamlike soundscapes.

The project's second full-length, "Kvasis Dreyri", draws its inspiration from Norse mythology and the legendary mead of poetry created from the blood of Kvasir. Across nine pieces named after the myth's sacred vessels – Óðrærir, Són, and Boðn – the album comes to life through melancholic synthesiser melodies, subtle percussion, patient repetition, and vast ambient textures.

Tracklist:

1 - Óðrærir I
2 - Óðrærir II
3 - Óðrærir III
4 - Són I
5 - Són II
6 - Són III
7 - Boðn I
8 - Boðn II
9 - Boðn III
