Opis produktu

Limited edition "Festering Slime" vinyl housed in a gatefold outer sleeve with matt lamination and w/ printed inner sleeve.

Blistering old school dödsmetall spread across 41+ minutes is out today everywhere! After the teasing with the previous 4 track EP, the titans of Sweden are back, and they are not messing about. Get in, turn up and get lost in the maze of torment!

Even more decomposed, wicked and vigorous. This deadly serpent will swallow you whole! Merciless drums! Crushing riffs! Violating growls! Morbid insanity as a whole! The phrasing; «These guys need no introduction» comes to mind. The band consists of legends of the Swedish Metal scene. Together they have participated on numerous Swedish and international classics and performed on the largest stages. The members of Eldfödd have been involved in a whole lot of standout releases and participating live with too many to mention. But, ok, let’s mention a few; Necrophobic, Dismember, Deströyer 666, Nifelheim, Darkened, Dreadful Fate, General Surgery, Under the Church, In Aphelion, Maze of Torment, Witchery and many, many more.
