Formed in 1993, Electric Wizard's brand of doom metal incorporates stoner and sludge traits, with lyrics focusing on the occult, witchcraft, H.P. Lovecraft, horror films, and cannabis. *Black Magic Rituals and Perversions Vol.1*, a one-take dungeon session, features some of their most classic moments, captured live, raw and uncensored. This is a career-defining collection, and a must-have for followers of this iconic British metal band.
