Opis produktu

ENEPSIGOS was started in 2016 by V.I.T.H.R and Thorns, at the time to be a studio Project. Shortly after Straff joined on guitars, and they began writing and recording their debut album "Plague Of Plagues".
The album was well received in the underground, but the band itself felt they hadn`t really established what was to be ENEPSIGOS. After the album the band parted ways With Straff, which was replaced by Rituul. Immediately they started working on their sophomore album, now to manifest what ENEPSIGOS really is, and shall be. Dark, disgusting,twisted,ritualistic and violent.
With intro and interludes by Alexander Wolf and V.I.T.H.R, vocals,guitars and bass for "Wrath Of Wraths" were recorded at the Bergegarda Studios in Norway, whilst drums were recorded at the Beastcave Studios in Italy. Mixed and mastered by Tore Stjerna at the Necromorbus Studios in Sweden, and with artwork by Benjamin Vierling and additional inlay artwork by Nestor Avalos.

200 x white opaque 12" (140g), download card, innersleeve full-color on 220g, jacket full-color on 350g, all assembled in a PVC overbag.
