Opis produktu

180gr Black Vinyl

Entombed''s classic sixth full-length album "Uprising" is back! Originally released in March 2000, this eagerly-awaited reissue is finally available again after being out of print for years.

"Uprising" is widely regarded as one of Entombed''s best albums, and a welcome return to their heavier Death ''n'' Roll sound. The band established this signature style with their hugely successful "Wolverine Blues" album in 1993, and "Uprising" takes it to new heights.

This reissue has been expertly remastered by Magnus Lindberg at Redmount Studios, known for his outstanding work with other acclaimed bands like Hellacopters, Alcest, Cult of Luna, Imperial State Electric, and Refused. Lindberg''s remastering brings out every detail of the album''s powerful sound and ensures that "Uprising" sounds better than ever before.

If you''re a fan of Swedish Death Metal, or just love hard-hitting, intense music, you won''t want to miss this chance to own a piece of metal history. Get your copy of "Uprising" now!"

1. SEEING RED
2. SAY IT IN SLUGS
