Cinematic Black Metal project **ERSHETU** was formed in 2021 by conceptualist/lyricist *Void* and composer *Sacr* to explore formulations of Death within particular civilizations or religions.

After tackling Mayan mythology via evocative 2023 debut "**Xibalba**", new album "**Yomi**" finds the band - now featuring *Vindsval* (**BLUT AUS NORD**) on lead vocals - growing in confidence and stature, heading to deeper and darker climes as they immerse themselves in the death folklore of Japanese Shinto.

Composer *Sacr* has woven an aptly-dualistic tapestry where ritual percussion, orchestration and atmospherics - including tones derived from the Koto, Shamisen and other traditional musical instruments of Japan - meet full-throttle and cerebral Black Metal power, as earworm melodies resolve into tumultuous states of mind and shadowed existential meditations.
