VOM ENDE DER WELT
Part III of III:
FIVRRIST

FIVRRIST is the final part of the hymnal to the end of the world.

Recorded in 2020 and 2021, these are six songs about escaping the false light, the walls of our neon drenched necropoleis and our carnal prisons.

While part I and II were recorded completely isolated, this time a group of longtime collaborators and coconspirators joined in creating this record:

Elisabetta Marchetti (INNO/Stormlord/Black Oath): vocals on NIDERFAL

Menetekel (Ungfell/Kveylgeyst/Ateiggär/Wyrgher etc.): additional vocals on EXTRA MVROS

Tanner Anderson (Obsequiae/Majesties/Hulder): Hurdy Gurdy on LINTWVRM IME PALLATZ

Irrwycht (Grabunhold/Baxaxaxa/Ungod/Schrecken/Runespell): additional vocals on LINTWVRM IME PALLATZ

Lord Abravanel (New York Hounds/Loosey/Criminal etc.): spoken word on WAZGEWIDERO

E (Flagellant/Malakhim): additional vocals on EXTRA CARNEM

Jeff Black (Spell/Encloaked/Gatekeeper etc.): synth outro on HIMELVART

Mix and Master by the inimitable Arthur Rizk

Cover painting, art direction and additional illustrations by Karmazid

Additional art by Synod
