Opis produktu

Black 12" triple vinyl (33 rpm) in triple gatefold with double sided insert.
Second pressing 200 copies worldwide.

For nearly thirty years ESOTERIC have been pushing the limits of sonic intensity. From the mind-bending darkness of their 90's double albums to the expansive epics found on their recent opuses, they have never compromised their initial aim; to unleash aural mayhem on unsuspecting listeners. Late 2019 sees the release of their most accomplished work to date, 'A Pyrrhic Existence'.

It is 98 minutes of new material, detailed and layered compositions and a high level of musicianship, foreboding production, and equal measures of utter darkness and melodic diversity.

For fans of EVOKEN, THERGOTHON, DISEMBOWELMENT, SKEPTICISM.
Artwork by Lisa Schubert.
