Opis produktu

Remastered double CD in jewel case with 8-pages folded booklet

UK doom cult ESOTERIC quickly gained a following after they formed in 1992. The band invented a new musical formula that consists of psychedelic elements mixed with classical doom death metal, a path that no other band in the genre dared to walk before. ESOTERIC's sixth record ‘Paragon of Dissonance’ is another crushing monument in the band's celebrated discography. This new 2-CD edition is fully remastered by Greg Chandler at Priory Recording Studios (FEN, WODENSTHRONE, MOURNING BELOVETH). Get ready for a sonic ride through the heart of Doom!
