Opis produktu

HELLS HEADBANGERS is proud to present a brand-new mini-album from EVIL DAMN, Eons of Horror, on 12" vinyl format.

EVIL DAMN records may be rare to come by, but when they do appear, they're well worth the wait. Thus, following the LONG-awaited release of their debut album, Necronomicon, by HELLS HEADBANGERS in 2021 - nearly 20 years after the Peruvians' first demo! - EVIL DAMN deliver their trademark Metal of Death madness with Eons of Horror. Totaling 20 minutes of all-new material, Eons of Horror begins ominously and continues to work its sulfurous spell, bearing a more-blackened approach but never sacrificing that eldritch death metalled muscle that so earmarked Necronomicon. EVIL DAMN are nothing if not consummate exemplars of the proper underground attitude - violent yet finessed, wild yet composed, raw yet clear - and this new breathless expurse of sodomy proves that in no uncertain terms. In fact, based on length vs. sum effect, one could argue that this mini-album is the best EVIL DAMN record...yet! Timeless, eternal evil never goes out of style in these Eons of Horror!
