Opis produktu

Reverence for the ancient spirit is very strong but never outdated. The EVILCULT's mission is always to look to the future carrying the true and shimmering torch of Heavy Metal, so that it never goes out between modernities and fads, crossing the boundaries of the style itself developed more than 40 years ago.

On EVILCULT's sophomore album, the band walks safely between styles, giving much more dynamics to the work. They came to a perfect mix between Speed Metal, First Wave Black Metal, Traditional Heavy Metal, Thrash Metal old school, and perhaps some more influences not so explicit, but that are there.
