Opis produktu

Black vinyl with insert limited to 150 copies.

Face ripping Death Metal classic demo’s! First time on vinyl.

“Beyond the Realms of Madness” marks the first ever vinyl release of Exmortis’ classic demos “Descent Into Chaos” (1988), “Immortality’s End” (1989), and “Butchers of the Urban Frontier” (1994)!

Real old school American Death Metal! No frills. No studio gloss.

Just a blistering document of a band that should’ve been on every ‘90s Death Metal label roster and wasn’t.

Instead, these demos carved their place in underground lore the hard way.
Death Metal history doesn’t get more essential!

• First time on vinyl for most of these recordings!
• Features the cult classics “Descent Into Chaos” and “Immortality’s End”
• Artwork by Drew Elliott (Fates Warning, Blood Feast)
• Mandatory for demo collectors and old school Death Metal maniacs

For fans of: Death, Morbid Angel, Morgoth, Carcass, Ripping Corpse
