EXPULSER The Unholy One DIGIPAK [CD]

Cena	59,90 zł
Dostępność	Dostępny
Czas wysyłki	5 dni
Producent	Greyhaze Records

Opis produktu

A relic from the high time of Brazilian Heavy Metal, Expulser's "The Unholy One" is one of the last masterworks of the first wave of classic bands from the state of Minas Gerais. Feeding upon the sound of Sarcófago and Sextrash, Expulser generated its own breed of noise, eventually finding itself a spot amongst the great names of Brazilian Death and Black. For those into SEX, DRINKS, AND METAL! Includes 3 bonus tracks consisting of the songs released in the "Fornications" EP.

Expulser is a Death/Black Metal band started in the small city of Lavras in the countryside of the state of Minas Gerais, Brazil. The band had a short-lived, yet well punctuated career, having released a few demos and two, very notable records: Their debut full-length, The Unholy One and a split EP dubbed Fornications. Despite its quick appearance and disappearance from the Brazilian Metal scene, Expulser was able to make a strong and lasting impression with their two outings. Greyhaze Records is now reviving "The Unholy One" in vinyl, CD, and Cassette formats. Expulser should please fans of SARCOFAGO, MYSTIFIER, SEXTRASH, BLACK WITCHERY, BLASPHEMY, and BATHORY.
