Opis produktu

Allegoresis, a 24-minute revelation in six parts. Here within, one finds new conjurations of three ancient allegories. Still steeped in the oldest schools, Exsul again manifests new DEATH METAL, continuing to push through the redundant mediocrity of today's emulators. Their sound's as intimidating as ever: equally gangrenous riffing and vocals, slithering 'n' slimy blasts that morph into chest-cavity-crushing doom stomps, songwriting that's strange and almost improvisational yet fully locked-in, as well as utterly megaton-weight production. So, essentially Exsul but taken to stranger and stronger ends, with the power-duo exhibiting a more concertedly world-eating sensation despite being two mere mortals - Allegoresis, by contrast, sounds summoned by an army of primordial troglodytes gifted extraterrestrial sentience.

SHADOWS. HEARSAY. INIQUITY. VENGEANCE.
