### Opis produktu

"Bestial Inferno ov total Annihilation"

The Bestial Cult of a War in three Battles is back! Here the Tanks roll through so brutally and rawly, as if the Soldiers were possessed by a Hatred that makes them think only of Killing and Destruction. Extermination Deathcult roll everything down in the Style of Consorts like Sereignos or Death Worship. In Order to burn everything that survives with the rawest Violence, Bestial Abyss let the Flamethrowers burn in continuous Fire. Satanicristo ensure an unassailable Mass Grave for all Enemies. Together the military and unholy Spirit of Bestial Metal of the Eighties and Nineties is brought back to Life like only Sarcofago, Blasphemy or Bestial Warlust can do. Buying is a Must for Bestial Maniacs!
