Opis produktu

These are high quality 8-panel digipak CDs with excellent full colour printing and moreover have a beautiful metallic effect throughout in addition to gloss raised UV lamination done on parts of the magnificent Misanthropic Art. This is the first press of the CD which is limited and hand-numbered to 300 copies. Each CD comes with a download code and a transparent logo sticker.

After releasing landmark full length albums in the same year in 2018, Swedish death metal titans and label mates Feral and Crawl join forces for this exciting split release containing all new songs to mark their return. Feral are masters of their craft and having honed their hefty sound to perfection, they showcase their knack for writing excellent song structures and deliver them with even more force than before. Crawl meld death metal and crust effortlessly to create a violent and compelling form of music that invariably induces a whiplashing effect on your body. Even with music that is stylistically similar, the bands have their own individuality which makes this split special. It's the perfect precursor to full length albums that are nearing completion from both the bands in the foreseeable future.

For fans of: Bloodbath, Entombed, Dismember, Grave, Death Breath, Vomitheist, Nihilist, Gatecreeper
