Opis produktu

Black vinyl edition with gatefold cover and the entire album on cd as bonus

Swedish death metal supergroup Firespawn mark their hellacious return on their 2019 album, Abominate. Featuring current and ex-members of Entombed A.D., Necrophobic, Unleashed, Dimmu Borgir, and Dark Funeral, Firespawn dutifully followed in the footsteps of the genre’s grand masters on previous albums Shadow Realms (2015) and The Reprobate (2017), but unlike their storied peers, the Swedes dexterously imbue ample amounts of heavy metal-riffs and solos-into their brutish cacophony on new tracks like “Death and Damnation,” “Heathen Blood,” “The Great One,” and “Blind Kingdom.” The unlikely pairing of heaving, beastly death metal and ultra-melodic solos creates a new, must-hear dynamic. With L-G Petrov’s foul growl in supreme shape and Firespawn blasting on all cylinders, Abominate is a top contender for Death Metal Album of the Year. Bow to the extraordinary power of Firespawn now!
