## Opis produktu

Classic Jewelcase CD with black tray, fold-
out poster booklet incl. lyrics. Comes with designed download card for the digital album

From the beginning, Fluisteraars has been known to experiment with influences of psychedelic folk. On ‘Bloem’, this input is lifted into a realm of psyched-out rural black metal mysticism. In parts reminding the listener of old psychedelic rock by the likes The Electric Prunes, the minimal but extremely effective orchestration in some parts even touches on a production style reminiscent of Lee Hazlewood. However, what Fluisteraars offer here are not the very long and drawn-out compositions by which they are perhaps more well known, but captivating and moving songs, nowhere crossing the eight-minute mark.
