Embark on a journey to realms untold with Forndom and the musical mastery of Ludvig Swärd. Presenting "Dauðra Dura", a mesmerising debut album following the dreamlike echoes of the 2015 EP "Flykt".

At the heart of "Dauðra Dura" lies a profound musical portrayal of Death, as seen through the eyes of the old north. Listen closely, for the distant drums beckon you to explore the mystic "Dauðra Dura" – the very gates of bereavement. Delve into Forndom's universe, where melodies breathe life into ancient Scandinavian traditions and beliefs.

Since this album was released in 2016, it has amassed nearly a combined 40 million Spotify plays. Meanwhile, Ludvig has carved out a name for himself across multiple music scenes with celebrate tours and appearances at prestigious festivals.
