Opis produktu

Tokyo based Oldschool Death Metal Band Frostvore are coming at you with their debut album „Drowned by Blood“, out August 28th via Testimony Records!

The Band self-released their first EP „Scavenger of human Dignity“ in 2012 under the name Frostbite. After a hiatus between 2014 – 2019 the Band picked up the pieces, went though some line-up changes and started working on their first album short after.
And the band’s aim and vision was clear: writing an aggressive and dark HM-2 driven Full Length Death Metal album!

„Drowned by Blood“ was recorded, mixed and mastered in february 2020 by the Band itself. Artwork-duties were put in the hands of Kenro Imamura from Japan.

Don't hesitate...and get drowned by blood!
