Opis produktu

FROZEN SHADOWS, formed in 1995 in Quebec, has been a pioneering force in the Canadian black metal scene. Known for their raw intensity and atmospheric depth, the band has carved a distinct path, blending traditional black metal elements with a cold, Canadian edge.

Available in both CD and LP formats, this reissue of "Empires De Glace" delivers an experience of this masterpiece originally released in 1999.
This album combines blistering riffs, haunting melodies and icy soundscapes, now reissued with a special mastering of both formats, preserving its raw and cold essence.

Re-issue, black 12" in a black poly-lined innersleeve, gatefold jacket full-color printed on 350g carton, all assembled in a plastic overbag.
