Opis produktu

Funeral Winds is back with another stab of the murderous knife infused with poison of early 90's raw Black Metal filth. 'Stigmata Mali' consists of 8 wounds of Black Metal wrath inflicted on all that's holy. As one of the pioneering European Black Metal bands that is still active today Funeral Winds delivers with 'Stigmata Mali' a monument of dedication to true Black Metal and the Sinister. Hateful, raw and Satanic... Black Metal the way it was meant to be!

Stigmata Mali translates as 'The Stigmata of Evil' and is the title of Funeral Winds 7th studio album and first album to be released via Osmose Productions.
