ONE SIDE 12"

Me Saco Un Ojo proudly presents the debut offering from Canada’s doomed death metal entity Funelore.

Bellowing eldritch atmospherics explode from crawling guitars and drums with monstrous vocals and ghostly synths to accompany them.

The funereal and sombre ambience is deathly, morbid and hypnotising - enveloping all with darkness from the onset.

The gritty production conveys the devastating mood of the release gloriously with the crushing weight of every instrument allowed to sit on your chest as you inhale smoky anguish into weakened lungs.

This is a profoundly unusual and unique sounding record that fans of death and doom metal alike will adore, but it is no mere run-of-the-mill death-doom, this cinematic duo of songs is a destructive and ethereal force of darkness like none you have heard before. In under 20 minutes your soul will have suffocated and been stripped bare as your consciousness dissolves in tides of agony…
