Opis produktu

CD in jewel case with 8-page booklet.

Gaahls WYRD, lead by the infamous Gaahl (ex-GORGOROTH, WARDRUNA), is a full-strength assault of pure Norwegian black metal malevolence and majesty. In mid 2018 the band teamed up with producer Iver Sandøy (ENSLAVED, EMMERHOFF & THE MELANCHOLY BABIES) to record their first full-length album 'GastiR - Ghosts Invited'. The highly anticipated debut album from Gaahls WYRD will see the band chart territories within the extreme metal genre no one has ever walked before.

For fans of BLUT AUS NORD, GORGOROTH, THE RUINS OF BEVERAST, TRELLOM.
Cover photography by Raina Vlaskovska.
