Opis produktu

The Galvanizer/Morbific Split, once trapped in cassette-only form, erupts again in a remastered version with a blast of rancid Finnish death metal for the first time on CD! Two of the filthiest underground abominations collide in a whirlwind of chainsaw riffs and grave-stench vocals and if you missed it the first time on cassette, this is your chance to seize a slab of pure decay before it sinks back into the crypt!

For fans of Xysma, Autopsy, Machetazo, Undergang.
