Opis produktu

DARK SYMPHONIES / THE CRYPT is proud to announce our cooperation with California based sludge, death metal act GASP to reissue their crushing 1996 "Sore For Days" demo! Brutal, sickening down tuned agony, including a Fear of God cover and a Sodom cover! Originally only ever available on cassette format, this will mark both the CD and vinyl debut for this slab of sickening gore! This is the band that went on to release their classic debut album on the legendary Slap A Ham Records. With this demo recording, Gasp had their own original heavy death/sludge sound.

This CD is designed after the original 1996 demo, taking elements from the original layout with attention to detail, even down to the logo and typeface for a touch of nostalgia. Also featured are unpublished band photos, lyrics and new liner notes by original band members.

Limited to 1000 copies worldwide! Stay away from BOOTLEGS! Support the band and official releases!!
