Opis produktu

Comes with double sided insert on 150gsm art paper housed in a 300 gsm carton outer sleeve.

With their third full-length (first on Soulseller Records) the witching Swiss black metal duo have brewed an unusual piece of dark art. The album combines fury blast beats and uptempo with melodic leads that will stick in your head. Thematically it is all about different stories about vampires, including the most famous ones like Vlad Tepes, and local myths.
Travel through the myths woven and told through the band’s native Luzern dialect!

released April 11, 2025

"Bluetgraf" was recorded at Chäuer Studios / Bär (drums, bass and guitars) and Hellvete Studio / Luzern (vocals) and mixed / mastered by Christoph Brandes at Iguana Studios. Artwork by Julian.
