## Opis produktu

ANTI-GOTH 460

This is part of the “First Blood” series of early Goatpenis recordings from 1992 to 1994. There will be 3 LPs in total; each demo will be pressed on separate 12″s to preserve the aesthetic integrity of each original release. Nothing new has been added to modernize the aesthetic as previous reissues had done. These will be presented in their crusty ugliness as they should be!

There will be a Die Hard version triple LP set on white vinyl in the next few week. Regular LPs will be released separately as they come back.

Regular Version: Black vinyl MLP, silk screened B side, 3mm jacket, 12″ insert.
Die Hard Version: To be released as a triple LP set at a later time.
