Opis produktu

ANTI-GOTH 461

Regular Version: Black vinyl MLP, silk screened B side, 3mm jacket, 12" insert.

Die Hard Version: To be released as a triple LP set at a later time.

This is part of the "First Blood" series of early Goatpenis recordings from 1992 to 1994. There will be 3 LPs in total; each demo will be pressed on separate 12"s to preserve the aesthetic integrity of each original release. Nothing new has been added to modernize the aesthetic as previous reissues had done. These will be presented in their crusty ugliness as they should be!

"Jesus Coward" is Goatpenis' third and final demo from 1994 before recording their legendary Inhumanization album. This demo is considered by many to be their best material along with Inhumanization.

There will be a Die Hard version triple LP set on white vinyl once they are all done. Regular LPs will be released separately as they come back.
