GOATS OF DOOM Shiva BLACK LP [VINYL 12'']

Cena	**80,90 zł**
Dostępność	**Dostępny**
Czas wysyłki	**3 dni**
Producent	**Purity Through Fire**

Opis produktu

By now, GOATS OF DOOM should require no introduction. For the past decade, they've remained one of the Finnish underground's best-kept secrets, largely because of a somewhat misleading moniker, but make no mistake: GOATS OF DOOM are 100% black metal through and through. Their stout catalog has seen the band develop from a synth-based style of black metal during their first three albums; then, with an expansion from a trio to quartet, GOATS OF DOOM truly began their ascent with 2018's Rukous, where an uptick in aggression melded with the mysterious atmosphere of old. Aligning with PURITY THROUGH FIRE in 2020 for Tie on hänen omilleen, GOATS OF DOOM finally seemed to have gotten their due or at least raised their profile. Not for nothing, that, as Tie on hänen omilleen was arguably the band's most powerful 'n' poignant record to date.

Alas, along comes the simply stated Shiva, and GOATS OF DOOM once again eclipse their not-inconsiderable past works. With a wild abandon that's addicting, the GOATS here unload one anthem after another, reveling in the magick of The Moment, and keeping the METAL firmly within black metal. Despite its colorful makeover, Shiva is as obsidian as it comes: the melodicism is as medieval as ever, and the GOATS' unique netherworld of nightsky mysticism and alcohol-fueled anger is thankfully intact. But, perhaps more importantly, the bountiful hooks here raise high the banner of heavy metal, the leads more strident and sometimes even folk-inflected, imparting that melancholy so endemic to the Finnish psyche. And whereas past works were (deliberately) rough around the edges, here on Shiva do GOATS OF DOOM "clean up their act," so to speak, with an impossibly professional production wholly suited to these seven skyscraping epics: the grit becomes gleam and the gleam gets gritty, each impassioned vocal intonation, string strum, and drum hit feeling momentous and muscular and yet rendered in the clearest tones possible. Above all, GOATS OF DOOM once again display their songwriting mastery, which stays true to their original sound and yet finds ever-newer ways to manifest its majesty.

Finnish black metal may still reign, but the time is long overdue for GOATS OF DOOM to assume the throne. Begin the coronation with Shiva!
