GOD DETHRONED was formed by main man Henri Sattler in 1990. After one demo they released their debut album "The Christhunt" in 1992 on a tiny German label. Due to problems with the other band members and the record company, Henri decided to split the band. He then formed Ministry Of Terror, a Thrash Metal band, and released the "Fall of Life" album with them in 1994. After a European tour Henri left the band and re-formed GOD DETHRONED. With new band members and better songs in his back, Henri and the new GOD DETHRONED recorded "The Grand Grimoire" and inked a deal with Metal Blade. Since then the band has released follow-up titles Bloody Blasphemy, Into The Lungs Of Hell, Ravenous, The Lair Of The White Worm, The Toxic Touch, Passiondale and Under the Sign of the Iron Cross.
