Opis produktu

CD comes as a deluxe 2-CD with slipcase.

This is a must for fans of melodic Doom Metal from the 90’s era, featuring Dan Swanö!

I doubt that in the 90’s, there was a way to avoid the ever present genius of Dan Swanö. Godsend might not be the most familiar band he has
cooperated with but surely not the least. Godsend succeeded in combining doom with slight gothic and progressive touches. For some people the
level of brilliance achieved on this first full length (and bonus demo) was never reached again. Presumably this is the first album where Dan Swanö
used clean vocals and the very deep bass register is quite impressive and eerie without lacking the right amount of emotion. There are times that
you can even distill small hints of Marillion on this album although most songs are along the lines of doom metal as we are used to. The bonus disc
featured with the deluxe double cd edition of this album also includes the ‘Demo 1992’ which is also remastered and sounds amazing. This is a must
for fans of melodic doom from the 90’s era, featuring Dan Swanö.
